

46 Million Reasons

to inspire

There are 46 million men, women and children in this country living with arthritis. Through our evidence-based exercise and self-help programs and vast information resources online and in print, the Arthritis Foundation is the only nationwide, not-for-profit health organization providing people with arthritis the resources to take control of their arthritis.

to hope

As the largest private, not-for-profit contributor to arthritis research in the world, the Arthritis Foundation is committed to a better tomorrow for all people with arthritis. Since 1948, we have funded more than 2,200 researchers who have contributed many of the building blocks used in today's innovative treatments.

to speak up

Through awareness campaigns and advocacy efforts, the Arthritis Foundation provides a powerful voice for the 46 million Americans with arthritis. Our network of advocates are influencing government officials – both locally and nationally – to increase research funding and ensure access to appropriate therapies for all people with arthritis.

to give

Each year, Arthritis Foundation donors and volunteers contribute countless hours, skills, resources, knowledge, energy and leadership to make a difference in the lives of 46 million people. Together, we can change the future of arthritis.

Find out how the Arthritis Foundation can help you take control of your arthritis. With more than 150 offices nationwide, the Arthritis Foundation is within reach. Learn about programs, events and resources in your area.
